- Computer for testing

Exit Criteria:

- All test criteria provided should pass

Test Case
Recording Wins and Losses Test

Description

This test will verify the record of wins and losses after each duel is accurate based on the result of the duel.

1. Navigate to http://localhost:8000/
2. Click on Draw
3. Add 2 bots to Duo
4. Click on DUEL!

Test Postconditions

- If the result of the dueling is a win, Wins record should add 1 in the total of wins. Otherwise, Losses should add 1 in the total of losses.

Bug Report
Wins Record Bug Report

Description

The Wins record is always 0 even if the result of a dueling is a win.

1. Navigate to http://localhost:8000/
2. Click on Draw
3. Add 2 bots to Duo
4. Click on DUEL!

Expected result

- The Wins record should be updated if the result of a dueling is a win

Actual result

- Wins record is not updated even if the result of a dueling is a win
- Wins only shows 0

Environment

- Chrome version 121
